NOARK is a global manufacturer of low-voltage electrical components for industrial applications.

We specialize in motor controls and protection for original equipment manufacturers. Our mission is to provide customers with the highest

quality products at an exceptional value and back them with world-class service and support.

Every Noark product is tested and certified to the highest industry standards and covered by our exclusive **five-year limited warranty.**

Noark is a wholly-owned subsidiary of the largest electrical manufacturing group in Asia with over 25 thousand employees and a sales revenue of ten billion USD. We have corporate facilities in Los Angeles, Shanghai, and Prague to service the requirements of individual markets and countries.
